MPA Graduation Rates

2020-2021 Cohort

	Initially Enrolled	Graduated within 2 years	Graduated within 3 years	Graduated within 4 years	Total Students Graduated and Persisting to Graduation
Total Number of students in the ARY-5 cohort	42	18	27	28	29

GRADUATION RATES

Using the ARY-5 cohort[1], indicate the cohort's initial enrollment numbers, how many of those enrolled graduated within 2 years, as well as those students graduating within 3 and 4 years. Note that the numbers in each successive column are cumulative, meaning that the number of students in the column for 4 years should include the numbers of students from the 3-year column, plus those that graduated within 3-4 years. In the final column, sum the total number of students who have graduated (column 4) and those students who are continuing to graduation. For example, if 15 students initially enrolled, 10 graduated in 2 years, 2 graduated in 3 years, 1 graduated in 4 years, and 2 more are still active in the program, you would enter: 15; 10; 12; 13; 15. NOT 15; 10; 2; 1; 2.

[1] ARY-5 cohort is the group of students who entered the program in the academic year that began 5 years before the annual report year.
