

FACT BOOK 2009-10 Edition

**SOUTHERN
POLYTECHNIC**
STATE UNIVERSITY

Introduction

Southern Polytechnic State University, a member of the University System of Georgia, is a comprehensive technological university with a unique purpose. Through a fusion of technology with the liberal arts and sciences, SPSU creates a learning community that encourages thoughtful inquiry, diverse perspectives, and strong preparation of its graduates to be leaders in an increasingly technological world.

Southern Polytechnic is located in the historic, vibrant city of Marietta, Georgia, northwest of downtown Atlanta. Approximately 5,200 traditional and non-traditional students attend day, evening, and weekend classes on a campus of naturally wooded landscape with modern facilities and on-campus apartment housing to meet students' academic, physical, and social needs.

The institution was founded in 1948 at the request of Georgia business and industry as a two-year division of The Georgia Institute of Technology, originally called The Technical Institute and soon thereafter the Southern Technical Institute. It became an independent college in the University System of Georgia in 1980, when the school's first president, Dr. Stephen Cheshier, was named. The college became a university in 1996 with the new name of Southern Polytechnic State University. Its second president, Dr. Lisa A. Rossbacher, joined SPSU in the summer of 1998.

Academic Programs

The University offers bachelors and masters degrees and continuing professional development in science, engineering, technology, business, architecture, and related fields, with a focus on how to apply knowledge and use technology to solve real problems. Dedicated and experienced faculty with excellent academic credentials and business and industry experience teach in the University's academic areas: The School of Arts and Sciences; the School of Engineering Technology and Management; the School of Architecture, Civil Engineering Technology, and Construction; the School of Computing and Software Engineering; and the Division of Engineering.

Southern Polytechnic has earned an exceptional reputation in the field of engineering technology education. The 2009 edition of *Profiles of Engineering and Engineering Technology Colleges*, published by the American Society for Engineering Education, ranked SPSU as #1 in the number of African-American male students receiving engineering technology degrees, #4 in the total number of engineering technology bachelors degrees awarded, #2 in the number of students enrolled in engineering technology programs, and #7 in the number of engineering technology degrees awarded to women.

SPSU is a university of diverse and talented students. Entering freshmen rank in the top four highest SAT scores in the University System of Georgia.

Over the years, Southern Polytechnic has expanded and broadened its degree programs in some of the nation's fastest growing fields, such as software engineering and information technology, and it offers a variety of arts and sciences degrees in fields that include mathematics, physics, biology, English and professional communication, psychology, and international studies. In late 2006 and early 2007, the University added three new undergraduate engineering degree programs: Construction Engineering, Mechatronics Engineering, and Systems Engineering. In 2009, degrees were added in Civil Engineering, Electrical Engineering, Mechanical Engineering, and Computer Game Design and Development. The University also offers a nationally accredited Bachelor of Architecture, which has been listed in the *America's Best Architecture and Design Schools* as one of the top ten schools in the south.

Southern Polytechnic is also leading the way in Georgia with its non-degree certificate programs in technology-related areas. Non-degree certificate programs are offered through the Office of Extended University and include certification in embedded systems, computer service technician, web developer, programming, time study, and A+ Test Prep. The Computer Science Department offers a graduate certificate in software engineering that gives practitioners the opportunity to advance into leadership positions and provides courses that can be applied toward the Master of Science in Software Engineering. Computer Science also offers an undergraduate certificate in programming. This certificate program offers courses that can be applied towards the Bachelor of Science in Computer Science.

A University of Firsts

Southern Polytechnic is an educational institution of "firsts." In the fall of 1997, Southern Polytechnic stepped to the forefront of technological advances in education, becoming the first institution in Georgia to offer a full degree program over the Internet. The Master of Science in Quality Assurance, offered by the Industrial Engineering Technology Department, set the tone for educational options in the future and placed Southern Polytechnic as a role model for the University System of Georgia. Since that time, Southern Polytechnic has expanded its Internet options, adding complete certificate programs as well as the electronic core curriculum (eCore) on-line and an undergraduate WebBSIT, a bachelors degree in information technology offered on-line in a consortium with five other University System schools.

Other University "firsts" include:

- The University System of Georgia's **only** nationally accredited professional Bachelor of Architecture degree
- Georgia's **first** masters program in technical and professional communication
- Georgia's **first** masters program in the management of technology (now an MBA degree)
- The Southeast's **only** masters programs in electrical engineering technology and quality assurance
- Georgia's **only** masters program in construction
- Georgia and the Southeast's **first** Bachelor of Science in Telecommunication Engineering Technology
- Georgia's **only** bachelors degree program in software engineering and Georgia's only masters degree program in software engineering at a public institution
- Georgia's **only** bachelors degree in surveying and mapping
- Georgia's **first** undergraduate degree in Construction Engineering, which is one of only nine in the country
- Georgia's **first** Mechatronics Engineering degree
- The **first** institution in the University System of Georgia to build privatized on-campus housing. These apartments served as a pilot program for the System.

Student Life

Southern Polytechnic provides many opportunities for growth beyond the classroom. The University's student organizations compete and win top honors in highly competitive regional, national, and international competitions. Choices for student involvement are diverse, including the Student Information Security Team, the Autonomous Underwater Vehicle Team, the Super Mileage Vehicle Team, the Aerial Robotics Team, and the school's Forensic Team, among others.

Recent winning teams include the SPSU ASCE student chapter which earned 3rd place overall in the student competition at the April 2010 ASCE Annual Regional Student Conference, Auburn University where SPSU's Steel Bridge team also earned 3rd place.

SPSU's Construction Management student team won second place in the annual Associated Schools of Construction Competition of Region II, at Jacksonville FL October 22-24, 2008. The coach for the SPSU team was Pavan Meadati. Two SPSU Construction Management students placed second in the Mechanical Contractors Association of America (MCAA) Student Summit held at Denver from October 1-2, 2009. The SPSU Team was led by Maureen Weidner.

SPSU students won 1st, 2nd, and 3rd place in the 2009 Peach State Lewis Stokes Alliance for Minority Participation Student Research Competition in the Technical and Engineering Oral Presentation section. Faculty sponsors were: Marietta Monaghan, Orlando Karam, Venu Dasigi, and Christina Scherrer. An additional student won 3rd place in the Science/Environmental Biology Oral Presentation section, under the guidance of Peter Sakaris.

Architecture students submitted design entries in the ASM Manifestations of Memory competition hosted by UNC Charlotte. One placed in the top tier of six winners (out of 66 entries from national and international design teams) and the other received an honorable mention for Graphic Clarity. Ed Akins was the faculty sponsor. Also, an SPSU student was awarded First Prize for a regional student architecture competition to design a building to house the Center for Civil and Human Rights located in downtown Atlanta. Elizabeth Martin was the faculty advisor.

Greek organizations, the student newspaper (*The STING*), intramural programs, honor societies, student government, and other activities and organizations give students many options for participation.

Intercollegiate athletics are also an important aspect of student life. The university sponsors four intercollegiate sports.

The men's basketball team, the Runnin' Hornets, has earned the opportunity of participating in the National Association of Intercollegiate Association's (NAIA) national tournament thirteen times. They have been Southern States Athletic Conference (SSAC) Conference Champions or Co-Champions ten times and Conference Tournament Champions seven times. This past year the men's team advanced all the way to the "Fab Four" of the NAIA National Championship Tournament. Head Coach Jeff Jones was named the 2009/2010 SSAC Male Coach of the Year.

In the fall of 2002, Southern Polytechnic added it's first-ever women's basketball team. This past year the women's team won the SSAC Tournament Championship for the first time and qualified for the NAIA National Tournament for the first time. The team advanced to the "Sweet Sixteen" of the National Tournament. The Hornets finished the season with a 30-5 record. Head Coach Nate Teymer was awarded the Women's Basketball Coaches Association NAIA National Coach of the Year and SSAC Women's Basketball Coach of the Year.

SPSU's baseball team has played in the NAIA World Series twice. Their most recent trip to the Series was in 2009. The Hornet baseball team has been Southern States Athletic Conference Tournament champions in 2004, 2005, and 2009. Head baseball coach Matt Griffin was named 2007 SSAC Baseball Coach of the Year. Fourteen SPSU baseball players have been drafted into professional baseball. The 2010 season saw the Hornets qualify for the NAIA First Round National Tournament Championship.

In only their third year of competition, the SPSU Men's Soccer team won the 2009 SSAC Regular Season Championship. The team qualified for the NAIA National Championship Tournament, where they advanced to the "Sweet Sixteen." Coach Kom Momeni was named 2009 SSAC Men's Soccer Coach of the Year.

Historical Highlights

Founded in 1948 as a two-year division of Georgia Institute of Technology, the school was established at the request of Georgia business and industry. It first opened its doors as The Technical Institute in rented military barracks in Chamblee, Georgia.

The first director, L.V. Johnson, began operations with 116 students, all but 10 of whom were World War II veterans and all but one of whom were male, and a staff of 12 members.

In 1949, a name change and a status change became important to the institution and its students. Now called the Southern Technical Institute, the institution was recognized as a college-level school by the U.S. Department of Education.

In 1961, Hoyt McClure was named acting director and led the move of the college to eight new buildings on 120 acres of land at the current campus in Marietta, Georgia. This was the base of today's campus of 203 acres.

In 1970, SPSU became a four-year college and one of the first colleges in the nation to offer the bachelor of engineering technology degree.

In 1979, the Board of Regents of the University System of Georgia approved making "Southern Tech" an independent senior college in the University System of Georgia, severing organizational ties with its former parent institution, Georgia Tech. In the summer of 1980, the school officially became the 14th senior college and the 33rd independent unit of the University System.

The college's first president, Dr. Stephen R. Cheshier from Purdue University, was named in 1980 and took the college through the transition of becoming Southern College of Technology in 1987. He served with distinction until his retirement as president in June 1997.

The school became a university and was re-named Southern Polytechnic State University in the summer of 1996.

Dr. Daniel S. Papp was SPSU's interim president from July of 1997 until the summer of 1998.

The University welcomed Dr. Lisa A. Rossbacher as the second president of SPSU in August 1998. She is currently in her thirteenth year of service at Southern Polytechnic.

Degrees and Majors Authorized by The Board of Regents

Masters

Master of Business Administration

Master of Science (with Majors in):

Computer Science
Construction Management
Engineering Technology/Electrical
Information Design & Communication
Quality Assurance

Master of Science in Accounting

Master of Science in Information and Instructional Design

Master of Science in Information Technology

Master of Science in Software Engineering

Master of Science in Systems Engineering

Bachelors

Bachelor of Arts (with Majors in):

Business Administration
Computer Science
English and Professional Communication
Mathematics
Physics

Bachelor of Architecture

Bachelor of Applied Science

Bachelor of Apparel and Textiles

Bachelor of Science (with Majors in):

Architectural Engineering Technology
Biology
Business Administration
Chemistry
Civil Engineering Technology
Computer Engineering Technology
Computer Science
Construction Management
Electrical Engineering Technology
Industrial Distribution
Industrial Engineering Technology
International Studies
Mathematics
Mechanical Engineering Technology
Mechatronics Engineering
Physics
Surveying and Mapping
Technical Communication

Bachelor of Science in Accounting

Bachelor of Science in Civil Engineering

Bachelor of Science in Computer Game Design and Development

Bachelor of Science in Construction Engineering

Bachelor of Science in Electrical Engineering

Bachelor of Science in Information Technology

Bachelor of Science in Mechanical Engineering

Bachelor of Science in Political Science

Bachelor of Science in Psychology

Bachelor of Science in Software Engineering

Bachelor of Science in Systems Engineering

Bachelor of Science in Telecommunications

Engineering Technology

Associate

Associate of Science, Core Curriculum

Advanced Certificate

Advanced Certificate in Systems Engineering

Post-Baccalaureate Certificate in:

Communications Management
Computer Science
Content Development
Instructional Design
Visual Communication and Graphics

Transition Certificate in:

Business Administration
Computer Science
Information Technology

Certificate in:

Information Technology
Quality Assurance
Software Engineering
Systems Engineering
Technical & Professional Communication

Certificate of Less than One Year

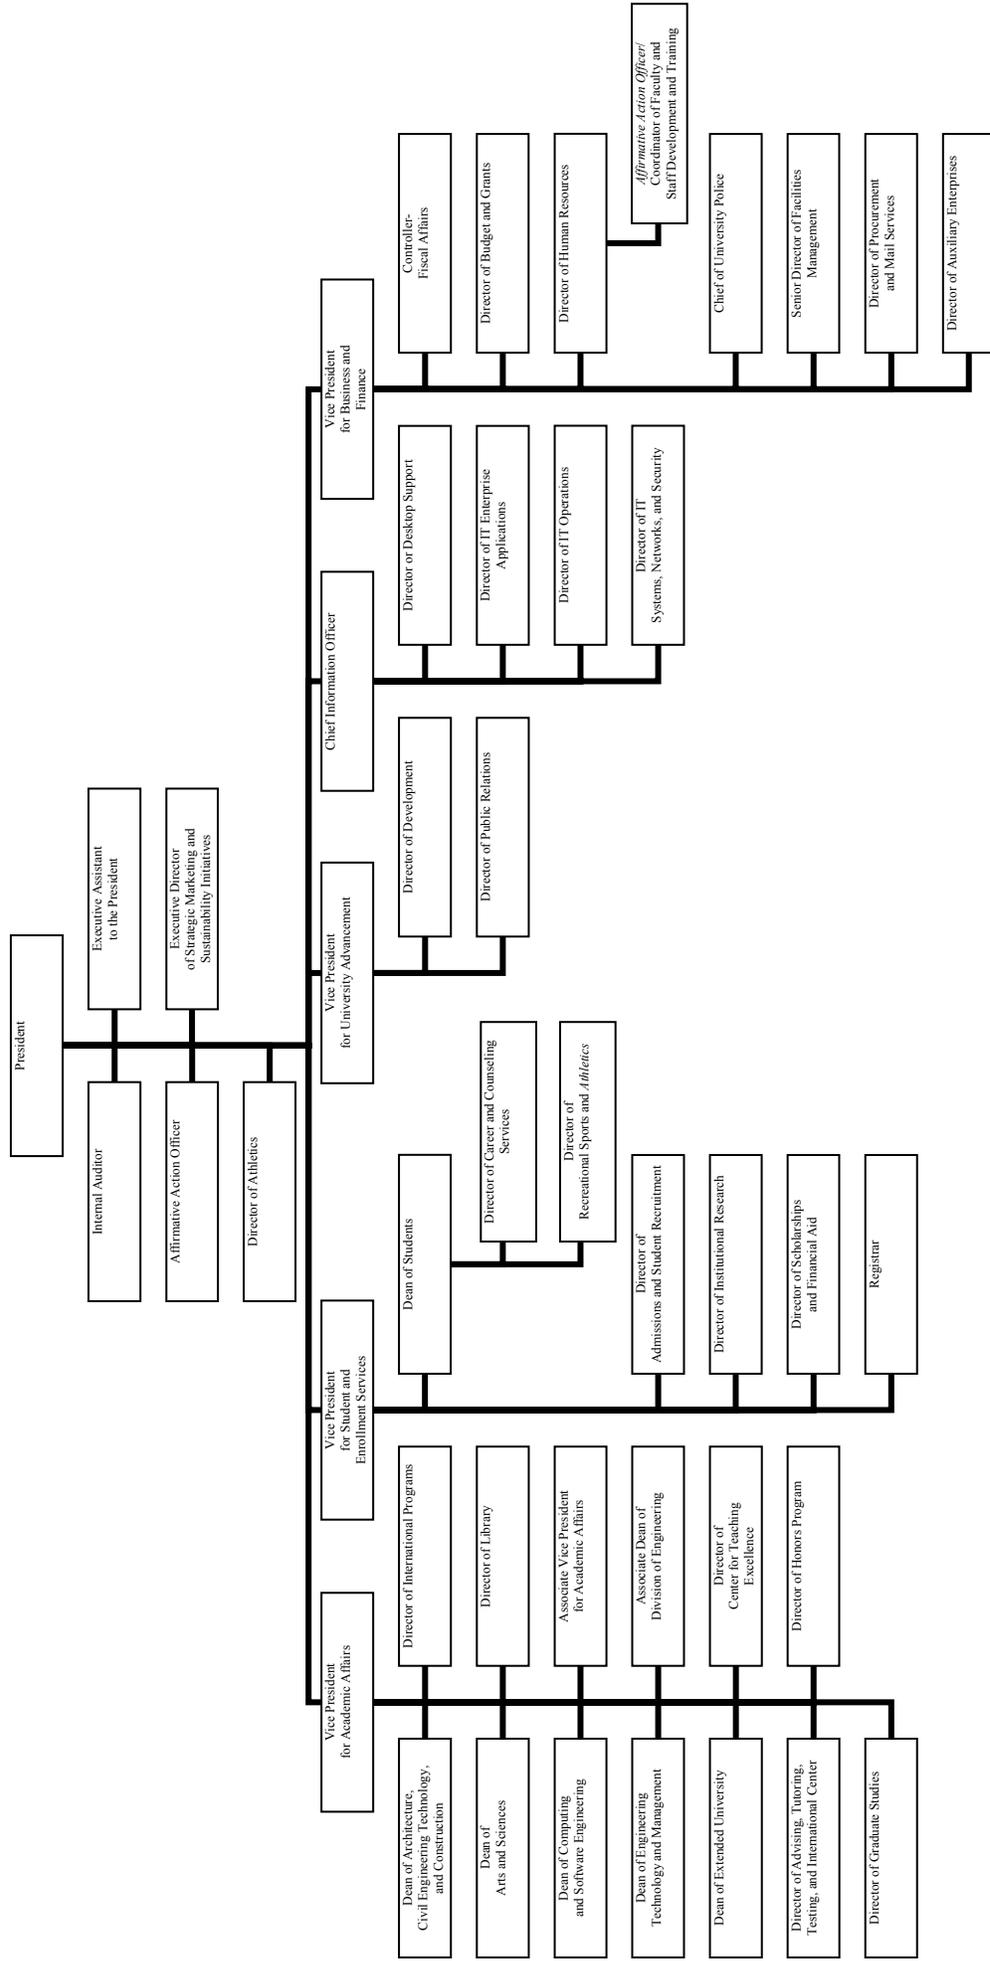

Apparel Product Development
Business Continuity
Engineering Sales
Information Security and Assurance
Land Development
Land Surveying
Logistics
Production Design
Professional Spanish
Programming
Project Management
Quality Principles
Specialty Construction
Technical Communication

* Graduation Rates are based upon those who graduated from SPSU even if they changed majors at SPSU.

** Retention Rates are based upon those students who are retained in that particular major only. If a student changed majors at SPSU or left SPSU, that student is not included in the Retention Rate. If a student graduated at SPSU in that particular major, that student is included in the retention rate as well.

*** These tables are adjusted each year to reflect any updated changes in the database.

**Bachelor's Degree 6 Year Graduation Rates
SPSU vs. USG Comprehensive Universities

→ DIRECTIONS

From I-75, take exit 263 (120 Loop/Southern Polytechnic). Go west towards Marietta on South Marietta Parkway. Take the East Main Entrance one mile on the left, which leads onto campus.
