Meal Plan Terminology

Before choosing a Meal Plan, here are a few key terms to know:

Meal Entry

Meal entries can be used at both of our award-winning dining halls, The Commons (Kennesaw) and Stingers (Marietta). Entries may also be used at High Point Café, On the Fly, next to The Commons, and Revolution Pizza Express inside Stingers.

Dining Dollars

Dining Dollars are sales-tax-free campus tender that can be used for purchases at any dining locations and on food and beverage items from The Market (the University's on-campus convenience store with three locations), The MRKT, the grab-and-go convenience store in the Shore Innovation Center (*New for Fall 2026*), and various vending machines. They are available for purchase in bulk packages through the Transact Mobile Ordering app or deposit machine around campus.

Weekly Plans

Weekly Plans are designed for students who live on campus. These plans provide a set number of meal entries per week. Dining Dollars are also included in these plans for use at dining locations.

Meal entries reset each week and do not roll over to the following week.

How to Make Changes to Your Meal Plan

Meal Plan changes can be made through the [Housing Portal](#) under the Meal Plan selection page. Students will be notified via their student email when the change selection portal opens and will have until the end of the final payment deadline at the beginning of each semester to upgrade or downgrade their plan. See the [Academic Calendar](#) for the deadline date. Follow our [step-by-step guide](#) on how to change a Meal Plan in the Housing Portal.

IMPORTANT TO NOTE:

- Meal Plan selections are final for the semester after the change deadline.
- Downgrades can only be made if the student meets the earned credit hour requirement. No exceptions are made for financial hardship, kitchen access, or dietary preference.

- Yes, the Meal Plan is required for all students living on campus each semester, regardless of amenities included in their room type.

I have run out of my weekly meals before they reset. What should I do?
