Sustainability related courses: Summer & Fall 2025

Bagwell College of Education

Life and Earth Sciences
Life and Earth Science Concepts
Teaching Science in Middle Grade Education
Science Education
Advanced Method Teaching Sec Science

Southern Polytechnic College of Engineering and Engineering Technology

Urban Network Model Optimization
AI for Resilient & Smart Communities
Machine Learning for Estimating Electric Vehicle Charging Emissions
Intro to Environmental Engineering
Solid Waste Engineering
Sustainability for Engineers
Advances Air Pollution Mitigation Control

WellStar College of Health and Human Services

Found. Health and Wellness
Determinants of Health

Norman J. Radow College of Human and Social Sciences

The Digital Earth
Introduction to Weather and Climate
Intro to Weather and Climate
Resources, Society, Environment
International Law & Organization
Introduction to Environmental Studies
English Composition I
English Composition II
Intro to Human Geography
Geography of Clothing
Photogrammetry & Drone Analysis
International Environmental Policy
Global Issues
Climatology
Advanced Topics in Geospatial Sciences

Coles College of Business

International Supply Chain

College of Architecture and Construction Management

Design Build MEP Systems
Introduction to Architecture
Environmental Technology II: Human Comfort and Building Systems
Architecture Studio I
Systems Selection & Materials
Architecture Studio IV: Integrated Design
Urban Design & Planning Theory
Mechanical and Electrical Building systems
Sustainable Operations and Maintenance
Architecture Studio V
Built Environment Safety and Health
Vertically Integrated Projects
Environmental Technology: Human Comfort and Building Systems

College of Science and Mathematics

Science, Society and Environment I
Earth Science
Intro to Environmental Science
Earth Science Culture - Japan
Environmental Chemistry
Science, Society and Environment II
Marine Biology in Belize
Freshwater Ecology
Ecosystem Ecology
Ecology Laboratory
